OPR: HQ USAF/SGMC
(SMSgt Anita Groce)
Supersedes AFI 41-101, 19 July 1994.

Certified by: HQ USAF/SGM
(Brig Gen Michael K. Wyrick)
Pages: 35
Distribution: F

This instruction implements AFI 41-1, *Health Care Programs and Resources*. It provides essential procedural requirements for obtaining civilian medical and dental care. **Attachment 1** provides a glossary of references, abbreviations and acronyms, and terms. **Attachment 2** lists the designated medical treatment facility area of responsibility. This publication requires collection or maintenance of information protected by the Privacy Act of 1974. Authority to collect or maintain these records is Title 10 U.S.C. 8013. System of records notice F168 AF SG A, Automated Medical/Dental Record System, applies. Send comments and suggested improvements on AF Form 847, **Recommendation for Change of Publication**, through channels, to HQ USAF/SGMC, 110 Luke Avenue, Room 400, Bolling AFB DC 20332-7050.

SUMMARY OF REVISIONS

This revision discontinues the Centrally Managed Allotment (CMA) program for FY 96 to pay for civilian medical and dental care, and travel of active duty members and OCONUS family members. It deletes all references to the CMA and RCS: HAF-SGH(M)8701, Consolidated CMA Monthly Workload and Expense Report, AF Form 1303. The military treatment facility (MTF) commander has funding responsibility for all alternative medical care. Cooperative Care funding changed from (MTF) operations and maintenance (O&M) funding to allow MTF commanders flexibility to utilize Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) funding for these services. The AFI title changed from *Obtaining Civilian Medical and Dental Care* to *Obtaining Alternative Medical and Dental Care*. **Chapter 2** and **Chapter 3** were combined and Chapter 4 renumbered to 3. **Attachment 2** MTF Designated Area of Responsibility, was added.

Chapter 1

AUTHORIZED AND UNAUTHORIZED TREATMENT

1.1. General Guidelines. The United States Government pays for Veterans Affairs (VA) and civilian medical care for authorized beneficiaries according to AFI 41-115, *Authorized Health Care and Health Care Benefits in the Military Health Services System*, only when uniformed service facilities cannot provide them. Payment for this care is funded by an Air Force Medical Treatment Facility (MTF) through supplemental and cooperative care. The MTF Commander is responsible for ensuring alternative medical care is customer oriented based on medical necessity and cost-effectiveness.

1.1.1. The Air Force pays for medical care at referral facilities for active duty, and North Atlantic Treaty Organization (NATO) personnel who are assigned in the United States on official orders, when patients require medical or dental care and:

- No Air Force or other Government medical or dental facility exists nearby
- An Air Force MTF or government facility nearby cannot provide the required care

1.1.2. The Air Force pays for medical care at referral medical facilities for non-active duty, eligible beneficiaries when the MTF cannot provide needed diagnostic or consulting services while the beneficiary is under the care of the MTF provider.

1.1.3. CHAMPUS shares the cost of civilian health care with the patient, unless otherwise specified under the terms of CHAMPUS for CHAMPUS-eligible beneficiaries.

1.2. Authorized Treatment.

1.2.1. The Air Force Medical Service funds medical and dental care provided by civilian and VA medical facilities to Air Force active duty members (including Air Force guard and reserves) who become ill or injured at locations where military medical facilities are not available and to Air Force active duty members assigned to geographically separated units (GSU). Medical and dental care which can be funded includes:

1.2.2. Emergency medical and dental care for active duty members without referral from an Air Force MTF.

1.2.3. Primary medical and dental care for active duty members assigned to GSUs where there are no military MTFs. Advance approval of the supporting MTF commander, or GSU commander where specific agreements exist, is required per paragraph 1.3.

1.2.4. Approved diagnostic and consulting services.

1.3. Medical and Dental Care for Members at Geographically Separated Units (GSU):

1.3.1. The Air Force MTF commander is authorized to manage and arrange for medical and dental care for active duty Air Force personnel assigned to GSUs, in conjunction with the GSU commander.

1.3.2. All primary care for GSU members obtained from civilian sources must be pre-approved by either:

1.3.2.1. The supporting Air Force MTF commander or designee.

1.3.2.2. The GSU commander or designee when the following conditions are met:

1.3.2.2.1. A memorandum of understanding (MOU) or host tenant support agreement (HTSA) exists between the supporting Air Force MTF and the GSU. Types of care authorized, dollar value limitations, review mechanisms, and recording, reporting and reconciling obligations must be included in the agreement.

1.3.2.2.2. Any care required which is beyond the scope of the MOU/HTSA must be arranged by the Air Force MTF Commander or designee.

1.3.2.2.3. The MTF may issue an AF Form 616, **Fund Cite Authorization**, to GSUs with significant medical requirements. Instructions and limitations must be specified in an MOU or HTSA.

1.4. Treatment Not Authorized In a VA or Civilian Facility.

1.4.1. The Air Force does not pay for:

- Elective medical care
- Non-emergency and maternity care for members who have access to an Air Force or other government medical facility without prior approval of the supporting MTF commander
- Chiropractic services
- Members in absent-without-leave (AWOL) or desertion status

Chapter 2

OBTAINING AUTHORIZED TREATMENT

2.1. Options to Purchase Alternative Health Care When the Air Force MTF Maintains Care of a Patient.

2.1.1. When Air Force MTFs cannot perform services essential for treating patients, they may seek alternative sources of care for the patient from VA or civilian sources.

2.1.1.1. Alternative sources of health care include:

- Contract medical services
- Supplemental care
- Cooperative care
- Other health care services

2.1.2. MTF commanders must ensure that eligible beneficiaries receive health care services from the most effective source of care with respect to quality, accessibility, readiness, and cost.

2.1.3. When patients present properly completed consultation sheets, the Managed Care Flight schedules the appropriate source of alternative care.

2.1.3.1. The MTF commander has the flexibility to pay for Cooperative Care services prescribed by a military provider from O&M funds, or these services may be cost-shared by CHAMPUS and the patient when a DD Form 2161, **Referral for Civilian Medical Care**, is completed and the following criteria are met:

- The patient is advised of their cost-sharing requirements for the referral
- The attending physician certifies that the services cannot be provided by the MTF
- The MTF agrees to provide the CHAMPUS contractor with any information relating to the referral in order to adjudicate CHAMPUS claims

2.2. Emergency Medical and Dental Care

2.2.1. An active duty member may receive emergency medical and dental care from civilian sources to save life, limb, sight, loss of body tissue, or prevent undue suffering.

2.2.2. The costs associated with emergency care include:

- Hospitalization
- Professional, ancillary, and ambulance services

2.2.3. Treatment for an emergency condition continues until the patient is released from the hospital, emergency department, or physician/dentist office.

2.2.4. All follow-up care must be approved in advance by the supporting MTF Commander or designee.

2.3. Primary Medical and Dental Care Provided to Active Duty Air Force Members Assigned to a GSU.

2.3.1. Active duty members assigned to a GSU may receive primary medical and dental care, including obstetrical care when approved by the supporting MTF commander or designee, from local VA or civilian facilities.

2.3.2. The costs associated with pre-approved primary medical and dental care for members assigned to GSUs that do not have a fixed medical treatment facility. include:

- Hospitalization
- Professional, ancillary, and ambulance services

2.3.3. In the absence of a MOU or Host Tenant Support Agreement, as outlined in paragraph 1.3., primary care must be approved in advance by the supporting MTF Commander or designee.

2.3.4. The supporting MTF and GSU personnel must cooperate fully to provide or arrange medical and dental care in the most cost effective and customer oriented manner possible.

2.3.5. Alignment of GSUs with supporting MTFs will be based on proximity, past history, and MAJ-COM prerogatives. **Attachment 2** designates alignment of GSUs with supporting MTFs.

2.4. Travel and Transportation Expenses to Obtain Medical Care.

2.4.1. Travel entitlements for medical care are authorized in accordance with AFH 41-114, *Military Health Services System (MHSS) Matrix*, Table 30, Patient/Non-Medical Attendant Travel Benefits.

2.4.2. The supporting MTF Commander has direct control of patient travel funding and is responsible for providing or arranging medical and dental care. Travel approval procedures must be coordinated with the supporting Financial Services Office (FSO) and Defense Accounting Office (DAO).

2.4.2.1. Travel funding for active duty Army, Navy, Marine Corps members, and their family members is the responsibility of the member's service.

2.4.3. The referring Air Force facility must pay travel expenses for subsequent referrals for follow-up care for Air Force active duty members and their family members where applicable.

2.4.4. The supporting Air Force MTF authorizing initial travel to a Army or Navy MTF will fund subsequent travel directed from the referral Army or Navy MTF.

2.4.5. All travel for GSU members must be pre-approved utilizing the following options:

2.4.5.1. The MTF may issue an AF Form 616, **Fund Cite Authorization**, to GSUs with significant travel requirements. Instructions and limitations must be specified in an MOU or HTSA. The GSU Commander approves and publishes orders using the MTF fund citation.

2.4.5.2. The MTF may approve a request for travel and issue a letter authorizing an individual unit to publish orders using the MTF fund cite.

2.4.5.3. The MTF may approve an individual's request for travel for medical and dental care and the MTF will publish and send the travel order to the individual.

2.4.6. DFAS-DER 170-5, *Responsibility Center/Cost Center Codes*, provides correct accounting classification information used for the travel of active duty Air Force personnel and their family members.

Chapter 3

ALTERNATIVE CARE CLAIMS

3.1. Payment Responsibilities:

3.1.1. The closest Air Force MTF will normally process and pay VA or civilian emergency medical care claims, including GSU emergency care.

3.1.1.1. If an Air Force active duty member receives a bill for care, they take or send the bill to the supporting Air Force MTF - usually collocated with the members unit of assignment.

3.1.1.2. MTFs will not forward claims to another Air Force MTF.

3.1.2. The referral MTF will pay for supplemental care claims and cooperative care claims per paragraph 2.1.3.1. (includes referral to VA facilities).

3.1.2.1. When an MTF refers Army, Navy, or Marine Corps active duty patients to non-defense facilities, referring MTFs use O&M funds to pay for civilian care.

3.1.2.2. When the MTF does not or cannot maintain medical management of other service active duty patients, the MTF will contact the nearest MTF of the members service (Army or Navy), as soon as possible, to transfer administrative management of the patient. The cost of care in these circumstances will be the responsibility of the member's service, effective upon documented acceptance of case management by the parent service.

3.1.3. Claims for payment for primary medical or dental care provided to active duty members assigned to a GSU will be processed by the supporting Air Force MTF or in accordance with an MOU or HTSA.

3.1.4. Air National Guard (ANG) members on duty less than 31 days, have their care paid from the ANG appropriation through the members' FSO.

3.2. Approval and Payment Process.

3.2.1. Obtain required information to approve claims per paragraph 3.3.

3.2.1.1. If the care is not preapproved, determine if the circumstances of the case meet the definition of emergency care.

3.2.1.2. Price all claims in accordance with the Supplemental Health Care Program (SHCP), per paragraph 3.4.

3.2.1.3. Initiate timely payment action using MTF O&M funds per paragraph 3.3. through paragraph 3.8.

3.3. Information Required to Approve Claims.

3.3.1. Civilian facilities will need to submit:

3.3.1.1. Patient information:

- Name
- Grade

- Social Security number (SSN)
- Military address

3.3.1.2. Medical summary of care provided

3.3.1.3. Itemized statements showing date of treatment, type of services rendered, and breakdown of charges by ICD-9 or CPT4 codes (ICD-9 or CPT4 codes do not apply to OCONUS claims)

3.3.1.4. For special nursing services, state:

- Place where service was provided
- Hour services began and ended
- Number of hours served each day or night
- Number of days or nights served

3.3.1.5. For dental services, itemize:

- Each service rendered (such as extraction or restoration) and the charge for each service.
- Each tooth involved.
- Number of tooth surfaces involved and filling material used. **NOTE:** Nonemergency dental care requires advance approval from a dental treatment plan.

3.3.1.6. For ambulance services, include:

- Mileage involved.
- Flat rate or rate per mile.
- Any supplies or services provided.

3.3.2. AF MTFs will verify duty status for active duty emergency care claims.

3.4. Supplemental Health Care Program (SHCP).

3.4.1. 10 U.S.C. Section 1074(c) authorized DoD to establish the same payment rules for civilian medical claims as apply to CHAMPUS. SHCP applies to all supplemental care and cooperative care ordered by the MTF, active duty emergency care, and primary care provided to GSU members. CHAMPUS Policy Manual, Vol. II, Chapter 3, Section 6.6 provides guidance and additional information.

3.4.2. SHCP is limited to medical care within the United States and Puerto Rico, except MARYLAND.

3.4.3. Inpatient bills are priced by the Fiscal Intermediary (FI) based on diagnostic-related group (DRG) services. Pay the DRG amount which may be higher or lower than the amount billed.

3.4.4. All other bills are priced using the CHAMPUS Maximum Allowable Charge (CMAC). Pricing may be done by the FI or the MTF. The allowable charge for authorized care received from a participating or non-participating provider shall be the lower of the billed charge or local CMAC. **Refer any claim that you cannot price to the FI.**

3.4.5. The MTF commander or designee has waiver authority to authorize payment in excess of the CMAC when necessary to assure adequate availability of medical care. Waive CMAC rates only after all efforts to obtain cooperation of the civilian provider fail. Document appropriately.

3.5. Paying Civilian Medical and Dental Care Claims.

3.5.1. Submit approved claims to FSO for payment on a SF 1034, **Public Voucher for Purchases and Services Other Than Personal**, or other locally approved procedures:

- To pay civilian agencies for medical and dental care and ambulance service authorized under this instruction
- To reimburse an Air Force or an entitled NATO member who has paid for authorized civilian care
- To reimburse another person who has paid for authorized civilian care

3.5.2. In each case, show why the service could not be obtained from a Government medical facility. Ensure supporting documentation is attached to the SF 1034 or other payment record.

3.5.3. Payment documentation must include the signature of the designated certifying official.

3.5.4. Reimbursements to individuals must be supported by an invoice and a receipt showing payment.

3.5.5. An active duty Air Force member hospitalized in a VA or civilian medical facility incurs a daily subsistence charge. Charges are prescribed in AFI 41-115.

3.5.5.1. When processing the civilian hospital bill for payment:

- Record the subsistence expense as a separate charge to 57X3500 32X 561 503725.
- Charge the remaining amount of the approved civilian medical bill to the MTF's O&M appropriation.
- Complete a notification letter and send it to the military pay section of the local FSO. Include the active duty member's name, SSN, daily subsistence rate, total subsistence amount, date and time of admission and discharge, and the name of the VA or civilian medical facility.

3.5.6. Identify potential third party liability claims to the MTF Third Party Liability Program personnel for reporting to the base legal office.

3.6. Paying VA Medical and Dental Care Claims.

3.6.1. The VA facility submits claims on SF 1080, **Voucher for Transfers Between Appropriations and/or Funds**, for reimbursement.

3.6.2. The MTF will verify care rendered was an authorized referral or emergency care.

3.6.3. Certify the bill for payment by placing the fund cite in the block marked "Office charged." The certifying official signs, dates, and forwards to FSO for processing.

3.7. Recording Obligations:

3.7.1. Record obligations for emergency care based on the fiscal year the claim is approved for payment.

3.7.2. Record obligations for preapproved primary care based on the fiscal year when the services are provided.

3.7.3. See DFAS-DER 170-5 for correct accounting classification information.

3.8. Prompt Payment of Bills:

3.8.1. The Prompt Payment Act, as implemented by AFR 177-102, chapter 12, *Commercial Transactions at Base Level*, requires interest payments for invoices not paid within 30 days. **EXCEPTION:** Refer to the due dates for contractually-established payment plans if they differ from this.

3.8.2. The MTF must date-stamp invoices, medical summaries, or other supporting documents upon receipt.

3.8.3. Services obtained using a locally-developed "authorization for alternative health services" form letter or other contractual document generally require a civilian physician to administer certain tests or procedures and then furnish an invoice and medical summary to the MTF.

3.8.3.1. The medical summary constitutes evidence of receipt of services ordered.

3.8.4. The FSO computes and pays applicable interest and certifies that the MTF-approved SF 1034, **Public Voucher for Purchases and Services Other Than Personal**, for payment.

3.9. Unusual or Difficult Cases:

3.9.1. If a case presents unusual or difficult circumstances, the MTF sends a request for advice to the MAJCOM.

3.9.2. After written review and recommended action, the MAJCOM may refer the case to HQ USAF/SGMC, 110 Luke Avenue, Room 400, Bolling AFB, DC 20332-7050, with the following included:

- Chronological statement of events.
- Written statements from all concerned parties, detailing the specific information given to patients about their financial responsibilities.
- Copy of all pertinent medical or dental records.
- MAJCOM/SG evaluation and recommendations.
- Written statement, if applicable, as to whether the patient was properly briefed on alternative care and financial obligations under the cost-sharing portion of the CHAMPUS program.
- The patient's eligibility for care.

3.9.3. Catastrophic cases, such as spinal cord/head injuries requiring extensive medical care, may be submitted as unfunded requirements to MAJCOM and, if necessary, to HQ USAF/SGMC. The unfunded requirement must provide pertinent patient information to justify additional funding.

3.9.3.1. Administrative actions must be completed as expeditiously as possible. Delays in medical evaluation boards, line of duty determinations, or lack of appropriate case management resulting in excessive length of stay, do not constitute justification for additional funding.

3.10. Verification and Controls.

3.10.1. In order to prevent duplicate payments, the RMO prepares AF Form 1210, **Civilian Medical Services Accounts Control**, or similar automated program, for all payments made under the provisions of this instruction.

3.10.2. Coordinate with other MTFs to prevent duplicate payments.

3.10.3. Maintain records of payments in accordance with AFR 4-20, Vol 2, T177-19, Rule 17, Disposition of Air Force Records.

3.11. Forms Prescribed: AF Form 1210, **Civilian Medical Services Accounts Control.**

EDGAR R. ANDERSON, JR., Lt General, USAF, MC
Surgeon General

Abbreviations and Acronyms

AWOL—Absent Without Leave

CHAMPUS—Civilian Health and Medical Program for the Uniformed Services

CMAC—CHAMPUS Maximum Allowable Charge

CONUS—Continental United States

DAO—Defense Accounting Office

DRG—Diagnostic Related Group

FI—Fiscal Intermediary

FSO—Financial Services Office

GSU—Geographically Separated Units

HTSA—Host Tenant Support Agreement

JFTR—Joint Federal Travel Regulation

MAJCOM—Major Command

MOU—Memorandum of Understanding

MTF—Medical Treatment Facility

NATO—North Atlantic Treaty Organization

O&M—Operations and Maintenance

RCCC—Responsibility Center Cost Center

SHCP—Supplemental Health Care Program

VA—Veterans Administration

Terms

Active Guard and Reserve--- National Guard and Reserve members who are on voluntary active duty providing full-time support to National Guard Reserve, and Active Component organizations for the purpose of organizing, administering, recruiting, instructing, or training the Reserve Components. Also called AGR.

CHAMPUS Eligible---Army, Navy, Marine Corps, Air Force, Coast Guard, Public Health Service and the National Oceanic and Atmospheric Administration active duty family members, and retirees and their family members under the age of 65 who are not eligible for Medicare Part A , except under certain conditions . Eligibility is outlined in DoD 6010-8R.

Civilian Dental Care---Dental examination, diagnoses, consultation, and treatment provided to active duty military personnel by a civilian dentist.

Civilian Medical Care---Doctor of medicine or doctor of osteopathy who is legally qualified and licensed, without limitation, to provide diagnosis and treatment in the geographic area where such service is provided.

Cooperative Care---Medical or dental care for Civilian Health and Medical Program of the Uniformed Services (CHAMPUS) beneficiaries, received from civilian sources, when the Air Force MTF retains medical management of the patient and the required care is not available at that facility. The MTF commander has the flexibility to use O&M funds or CHAMPUS funding. CHAMPUS will share the cost of medical treatment/services provided to CHAMPUS-eligible beneficiaries even though the patients remain under the primary control of a military MTF.

Emergency Care---Medical or dental situation that requires immediate treatment of severe, life threatening, or potentially disabling condition that results from accident or illness of sudden onset and that necessitates treatment to prevent undue pain and suffering or the loss of life, limb, or eyesight.

Member of a Uniformed Service---A person who is serving in a uniformed service on active duty, active duty for training, or on inactive duty (to include Air National Guard and United States Air Force Reserve personnel).

Non-CHAMPUS Eligible Beneficiaries---Active duty service members, parents, parents-in-law, and most persons who are eligible for Medicare, Part A.

North Atlantic Treaty Organization (NATO) Forces---Military and civilian personnel belonging to an armed service of a nation which is a party to the NATO Status of Forces Agreement. In addition to the United States, these nations are Belgium, Canada, Denmark, Germany, France, Greece, Iceland, Italy, Luxembourg, the Netherlands, Norway, Portugal, Spain, Turkey, and the United Kingdom.

Other Health Care Services---Those health care services, not provided by physicians (for example, laboratory services, blood products)obtained by the uniformed services facility on a recurring or predictable basis to provide services necessary to the care and treatment of the beneficiary population.

Primary Care---Sick-call type, routine (nonemergency), or follow-up medical or dental situation that requires necessary treatment for illness or injury

Retired Member of Uniformed Service---A member or former member of a uniformed service who is entitled to retired or retainer pay or equivalent pay, as a result of service in a uniformed service. This includes a retired member of a reserve component of the uniformed service on attaining age 60 and who has completed 20 or more years of creditable service according to Title 10 U.S.C. sections 1331 through 1337.

Supplemental Health Care Services---Any additional material, professional, diagnostic, or consultative services or other personal services ordered by uniformed service providers, and obtained for the care of non-CHAMPUS eligible and NATO patients when medical or dental care management is retained by an Air Force MTF and required care is not available at that facility. This includes services for authorized civilian employees.

Supporting Medical Facility (MTF)---Closest MTF to members duty station. In areas where two or more Air Force MTFs are proximal, the MTF with the greatest capability will be the supporting medical facility.

Uniformed Services---The Army, Navy, Air Force, Marine Corps, Coast Guard, National Oceanic and Atmospheric Administration, and Public Health Service.

United States---The 50 states and the District of Columbia (Title 10 U.S.C. Section 101).

Other Health Care Services---Those health care services, not provided by physicians (for example, laboratory services, blood products) obtained by the uniformed services facility on a recurring or predictable basis to provide services necessary to the care and treatment of the beneficiary population.

Attachment 2**DESIGNATED MTF AREA OF RESPONSIBILITY**

This attachment designates the Air Force medical facility responsible for GSU personnel. It does not replace designated personnel activities, such as AFIT students aligned with an Air Force Military Personnel Flight, nor is it all inclusive. Contact the closest Air Force medical facility for any unit not listed.
